SUPPLEMENTARY INFORMATION: The U.S. Army intends to move expeditiously to license these inventions. Licensing application packages are available from TechLink and all applications and commercialization plans must be returned to TechLink by August 14, 2015. TechLink will turn over all completed applications to the U.S. Army for evaluation by August 28, 2015, with final negotiations and awards occurring during the months of September and October, 2015. The U.S. Army will consider requests for nonexclusive, partially exclusive, and fully exclusive licenses in the U.S. and may prefer to grant an exclusive license to a company capable of broad commercialization as well as patent maintenance and enforcement within the U.S.

The DoA intends to ensure that its licensed inventions are broadly commercialized throughout the United States.
